

Mrs. Whitaker's Sharing Schedule

Sharing is a new weekly homework assignment that is required for every child. The purpose of sharing is to develop your child's listening and speaking skills. Your child will be graded on their sharing, so please help your child prepare for his/her weekly sharing by practicing what he/she will say. Use the five questions on the monthly homework page to help your child.

On your child's sharing day, he/she must bring one item. This is the only day your child should bring this special item to school. The item must remain inside his/her backpack to keep it a secret from the rest of the class. Sharing in my class will be a fun interactive guessing game so please remind your child not to tell his/her classmates what he/she has brought.

These are the steps to follow to prepare your child for the weekly sharing: 1. Choose an item from the topic listed on the monthly sharing note. 2. Have your child write his/her name on a paper lunch bag. 3. Have your child practice saying the clues. 4. Your child may write words or draw pictures on his/her bag to help remind them of the clues he/she will share. 5. Be sure to place the item in the paper bag and the paper bag should be kept inside his/her backpack until sharing time.

Your child will share on this day the whole school year.
